Lundy home learning

We have had such a busy week in Lundy Class - children have been in and out of class doing their Bikeability course - the children behaved brilliantly; I was so proud to hear all of the lovely comments from the instructors. We had our first visit from Mrs Paddon from Park who comes every year to meet the Y6 children, (she will be back later this term to see the children who were on Bikeability). In English we have completing our writing about wizards in a formal style. We have been sketching our final still-life art work and will paint these next week. What a super World Book Day - the children enjoyed their book quiz and they looked fantastic! Photographs are on the Blog - take a look!

Y5 Home Learning

Reading

We expect you to read at least 5 minutes every day - you can read to an adult (as it's always good to read aloud to practise your expression), or talk to your adult about what you have read.

Maths

Continue to learn/revise your 7, 8 and 9 times tables.

Writing

Watch Newsround and write 3 sentences about something that you found interesting. Your sentences must each include a relative clause. Remember relative clauses begin with: who, where, when, that, which.

e.g. Several astronauts, **who had completed many years of training**, began their voyage to the space station. Their rocket left America, **where NASA is based**, early on Friday morning and it will take one day to reach the space station. Their mission, **which will last for 3 months**, is to carry out scientific research.
