Head of School: Karen Lintin

Saunton home learning - 26.09.25

This week in Saunton Class, we have had a special visit from our author, Dave Cousin. The children have loved reading his book and enjoyed participating in his creative writing workshop and making their own comics inspired by him. In maths, we have continued with our place value unit, and we have been explore rounding. In science, we have been exploring food chains and understanding the interdependent relationships between animals and plants in different habitats.

Home learning

For homework this week, we would like you to enter the BBC 500 words competition - "Write a story you would love to read". These can be submitted on the BBC website here: [How to submit your stories - BBC Teach](#). The deadline is Friday 7th November.

Reading

Hopefully, all children have now given you their homework login booklets, with their Boom Reader details inside. It has been lovely to see that some children are already customising their avatars and are logging their reading! The whole school expectation is that parents support their child to practising reading at home five times per week. This could be 5-10 minutes of reading, five times across the week. Thank you for your support.
