

Home Learning -

This week we have continued our learning on Minibeasts.'

- We have created our own Minibeasts out of toilet rolls, we thought carefully about the parts of the Minibeast such as **head, thorax, abdomen, antennae**, and tried to include them in our models.
- We have written non fiction sentences about minibeasts, we tried hard to use the **letters, sounds and tricky words** that we have learnt and remembered use a full stop at the end.
- In Maths we have been learning about the **teen numbers 11, 12, 13, 14**. They learnt how to represent them in different ways such as **numicon, tens frames, counters and objects**.
- In Letters and Sounds we have focussed on writing sentences using **CCVC** words.
- Well done everyone for making such an effort with your costumes for our Bug Ball, you all looked amazing, it was so lovely to see so many handmade creations!

Home Learning Task:

Numbers - Look out for the numbers 11, 12, 13, 14, 15, 16, 17, 18, 19 whilst you are out and about, you might see them on doors, signs, in books etc, you could have a go at writing them down.

Rockpool - When we return to school after half term our learning will focus on 'the beach'. Please could you collect some objects for a class rock pool such as: shells, stones, pebbles, etc.

Reading - Please remember to read five times and record it in your reading diary.

We hope you have a fantastic half term and have great fun with your families and friends, we can't wait to hear what you get up to! Please feel free to email in any photos so we can talk about it when we return to school.

Mrs Paul, Mrs Clark and Cheryl
