## Exmoor Home Learning - 15.5.26

The children have worked very hard and been very respectful towards the Year 6 pupils this week whilst they have been completing their SATs. In English we wrote our innovated piece of writing about WW2 and the children started to research facts about the time in history they have chosen for their INVENT. In maths, we have done lots of work on finding equivalent fractions and decimals. In computing, the children had a lot of fun exploring the Paint application and how to create vector images.

### **Class notices**

PE is on a Thursday.

### Home learning:

#### **Reading**

The whole school expectation is that parents support their child to practising reading at home at least 4 times per week. This could be 5-10 minutes of reading, five times across the week. Thank you for your support.

#### **Times tables**

Continue practising your times tabled as they will really help with our fraction work.
