Saunton home learning - 24.4.26

This week in English we have been exploring our new text, 'Mimi and the mountain dragon' and in maths we have been using the inverse to work out missing numbers in addition problems. We have also been exploring our new topic learning about South America.

Finally, all of the children had a wonderful time at rock and rapid and they were all complete superstars! It was brilliant to see each of them try something new and it was lovely that the instructors commented on how well-mannered all the children were! Mrs Clark and I were immensely proud of them all!

I hope you all have a restful weekend!

Home learning

Your home learning this week is to share with your families all the activities you did and rock and rapid. Make sure you share with them all the things you were proud on our residential!

Reading

Hopefully, all children have now given you their homework login booklets, with their Boom Reader details inside. It has been lovely to see that some children are already customising their avatars and are logging their reading! The whole school expectation is that parents support their child to practising reading at home at least 4 times per week. This could be 5-10 minutes of reading, five times across the week. Thank you for your support.

Time tables

The year 4 times table screening is fast approaching so please make sure you are getting your practice in using the website below, that is similar to the times table test, alongside times table rockstars.

[Multiplication Tables Check - 2025 - Timestables.co.uk](http://www.timestables.co.uk)

Please make sure you are practicing your timetables on times table rockstars for at least 5 minutes a day.
