

Home Learning - 25.09.26

We have enjoyed another exciting week in Codden class.

- We have identified, extended and created our own patterns using shapes, peg boards, objects and painting.
- We have looked at 2D shapes, named them and described them, we even had a go at finding out which shapes we could make using straight lines and curved lines.
- We have practised sounding out cvc words using our robot voices - oral blending and Segmenting.
- We have learnt about primary colours and have explored what happens when we mix two primary colours together to make a secondary colour.
- We enjoyed the Harvest Festival at the Church, everyone behaved beautifully and sang so well, we are so proud of you all!

Notes/Reminders:

Advance notice ... We will be holding '**Settling in Parents Meetings**' w/c 21st October where we will talk about how your child has settled into Codden Class.

Class Library Book - This week the children have chosen and brought home a Class Library Book to share at home, we will change these once a week in class, if your child would like to change it sooner they may do so when they arrive at school in the morning.

WOW! We have sent some WOW slips home with your child this week, please fill one out and bring it to school if you notice something that you are particularly proud of your child achieving. This could be doing something for the first time, learning something new, persevering when they find something tricky etc.

Home Learning Task:

Practice using your robot arms to sound out and blend cvc words in your home, for example 'b-i-n, bin', 'c-a-t, cat, d-o-g, dog'. We have also sent home a sheet of pictures, you could cut these up, play eye spy by sound talking the word, can your child find it by blending, 'Eye spy with my little eye a c - a - t', 'cat!'. Once your child is confident at blending encourage them to sound talk the word to you!

Many thanks for your help and support, see you next week.

Mrs Clark, Mrs Paul and Cheryl and Bara
