Saunton home learning - 12.6.2026

This week in English we have been exploring our new text, 'Until I met Dudley...'. In maths we have been learning about fractions and using this learning to find out fractions of amounts. In science, we have been learning about different types of seeds and in geography we have been using 4 figure grid references to find different cities in Brazil.

Home learning

In preparation for our history learning this week research Chichen Itza and find out three facts about it.

Reading

Hopefully, all children have now given you their homework login booklets, with their Boom Reader details inside. It has been lovely to see that some children are already customising their avatars and are logging their reading! The whole school expectation is that parents support their child to practising reading at home at least 4 times per week. This could be 5-10 minutes of reading, five times across the week. Thank you for your support.

Time tables

Please make sure you are practicing your timetables on times table rockstars for at least 5 minutes a day.
