Head of School: Karen Lintin

Exmoor Home Learning - 23.1.26

This week we have done lots of work in English, preparing for our shared write. In maths, we have looked at factors, multiples and prime numbers as well as using our multiplicative understanding to solve some positive integer scaling problems. In Geography, we used what we have learned about urban, suburban and rural communities to create our very own flow charts to help people decide which community they prefer.

Class notices

Forest School is every Wednesday and PE is every Thursday.

Home learning:

Reading

Continue to read and log your reads on Boomreader! The whole school expectation is that parents support their child to practising reading at home five times per week. This could be 5-10 minutes of reading, five times across the week. Thank you for your support.

Follow this [link](#) to look at the 'Branching Out' posters to help you find other books you might like to read.
