

Executive Head Teacher: Melanie Smallwood

Head of School: Karen Lintin

Barum class learning

This week in English, we have practised writing and punctuating speech using inverted commas. We have written expanded noun phrases to describe different disgusting things the sandwich may have fallen in, and we have used commas in a list to separate the noun phrases.

In Maths, we have been using bar models and arrays to identify the relationship between multiplication and division and have written all the equations that the arrays and bar models are representing.

The children have been working on their paintings of Kandinsky's concentric circles using textured paint and different sized brushes. They have also been using different shapes, lines and colours to create their own Kandinsky inspired piece of artwork.

Year 2 parent/carers- Forest school

After the Easter break it will be the turn of the year 2 children to take part in forest school activities. Please note that forest school will be happening on **Monday afternoons** next half term. Their first session will be on the first day back (Monday 20th April). Please can the Year 2 children wear their PE kit to school on Mondays and bring their forest school clothing.

Year 3 parents/carers- Swimming and football

After the Easter break year 3 children will be going swimming on **Monday afternoons**. They will need to wear their PE kit to school and bring a bag with their swimming shorts/costume and a towel. Year 3 will also have football on **Wednesday afternoons** up until half term, please can the children also come to school in PE kits on Wednesdays.

Home learning:

To support our multiplication and division unit in Maths I have set some MyMaths activities, please log in and complete the tasks set for you.

Reading:

The expectation is children read 5 times a week, this does not have to be just the guided reading text, it is also okay to read your own books from home and record this on Boom Reader.
