Reading

Your child has come home with a letter for you to download the Boom Reader app and login with the details provided. We are trialling using the app to record reading, with a view to possibly replacing the home learning books with an online/app version. Please speak to Mrs James if you have any issues, questions or feedback around this. Thank you. For more support on downloading and getting started, follow [Parent guide \(Mobile App\) : BoomHub](#)

Tarka class learning

We have had another busy week, ending with lots of art before our upcoming gallery!

Tarka class have been learning about the artist **William Morris**. We looked at his prints and discussed likes/dislikes, learnt facts about him and started to find out more about print making.

The children enjoyed exploring **printing** using different objects (stamps and inkpads, sponges, corks, pom poms etc). We learnt about **tinting** (adding white to a colour to make it lighter) and revised the **primary and secondary colours**.

The theme for our artwork is oceans, so we had a go at colour mixing to make a background for our pieces. The children sketched sea creatures and drew them on a polystyrene tile, ready to print onto their backgrounds next week.

Home Learning

Can you make a picture using items from around the house to print with?
You could collect natural materials from your garden, the park or beach to print with too!
