Exmoor Home Learning - 21.11.2025

We had a wonderful time in Westward Ho! and Northam Burrows. The children learned a lot about how our local area was used during WW2 as well as finding out what wildlife is found in our local rock pools. In maths, we have looked at different units of measure and enjoyed using rulers, metre rulers, trundle wheels and weighing scales to measure different items in the classroom. In topic, we finally managed to complete our pirate treasure hunt using the pirate artefacts that we made.

Home learning:

Topic

After our lovely school trip, we would like you to look at the animals on the following [link](#) and create a fact file about some of the wildlife found in rock pools in our local area.

TT Rockstars

Keep practising and taking part in the competition.

Reading reminder

Our whole school expectation is that parents support their child to practising reading at home five times per week. This could be 5-10 minutes of reading, five times across the week. These reads can be logged on the Boom Reader app or website. Thank you for your support.
