Head of School: Karen Lintin

Barum home learning

This week was our KS1 sports day, we were very proud of all the children, they showed great sportsman ship by supporting each other, having a go and giving their best in every activity. Thank you to all the parents for encouraging and cheering all the children on, we hope you all enjoyed it as much as we did.

This week in Maths, we have been solving subtraction and addition problems using a number line, we have also explored missing number problems using known facts and partitioning to help us find the missing number.

In Science, we went on a micro habitat hunt around school recording the types of mini beasts found in the different micro habitats, we then drew a picture of a mini beast in their habitat.

PE - Our PE day is Thursdays. Please could the children wear their PE kit on Thursday. For safety reasons, if your child wears earrings please remove them on PE day, if they cannot be removed please cover the earrings with tape before coming to school.

Home learning - To support our learning in Science, please have a go at making a habitat in a box, this home will be for two weeks. Please see some examples below.

Reading - We expect everyone to be reading at home at least five times a week. Reading journals and books must be brought into school every day for reading in class.
