

Executive Head Teacher: Melanie Smallwood

Head of School: Karen Lintin

Barum home learning

The children have had a great second week at school. In English we have thought about our own big emotions and have written questions we would like to ask the Author Manjeet Mann when she visits. In Math's we have been recognising, representing and writing numbers up to 100. In Science we had an email from Humpty Dumpty asking us to investigate which materials would be the most comfortable and protective for him to wear in case he falls off the wall again! We made predictions and planned how we would investigate to find the most protective material. On Thursday we carried out our investigation by dropping boiled eggs wrapped in different materials to see which was the most protective. We were surprised to find it was foil and bubble wrap.

Information

Our PE day is Friday, so please come to school dressed in your PE kit. You will need to bring a waterproof coat each week, as we will do PE outside, whatever the weather!

Home Learning

Two-week project

Our topic this term is fantastic beasts! Please could the children have a go at designing and making a beast out of recycled or natural materials.

Reading

We expect everyone to be reading for a least five minutes a day. Reading journals and books will be sent home on Monday.
