

## Home Learning - Week 36

This week we have continued with our topic 'Under the Sea'. We have learnt about the impact that pollution and rubbish has on our oceans and the creatures that live in it.

- This week we have written sentences to retell the story of 'Sally and the Limpet'. We tried hard to remember to leave spaces between each word and finish with a full stop.
- We have created under water sea pictures using the wax resist technique.
- We sorted different types of rubbish that might be found in the sea and sorted it into groups.
- In Maths we have learnt about pairs of numbers that equal 10, we have used words such as add, plus, addition, all altogether, total, equals.
- In Letters and Sounds we have learnt to read and spell polysyllabic words such as: windmill, sandwich.
- Thank you so much to the parents who were able to support our Early Years Sports Morning, it was so lovely to see everyone having so much fun together.

### Home Learning Task:

Recycling - Design a poster to remind people to recycle their rubbish, bring it into school to share with us in class.

Please remember to read five times and record it in your reading diary.

We hope you have a lovely weekend,

Mrs Paul, Miss Burnell and Cheryl.
