## Exmoor Home Learning - 1.5.26

We have had an interesting week while our visitors were visiting us, we just wanted to share how wonderful every single child was during the week. We are immensely proud of them!

In English, we looked at relative clauses and parenthesis, the children were excited to use some new pieces of punctuation. In maths, we worked on comparing decimals and looking at the equivalence between decimals and fractions. We had a great time celebrating David Attenborough's 100<sup>th</sup> Birthday, the children created little fact files and made their own birthday cards to send off to him. Fingers crossed we receive a response!

### **Class notices**

PE is on a Thursday.

### Home learning:

#### **Reading**

The whole school expectation is that parents support their child to practising reading at home at least 4 times per week. This could be 5-10 minutes of reading, five times across the week. Thank you for your support.

#### **Inspiration**

As it is David Attenborough's 100<sup>th</sup> Birthday today and he is an inspiration for so many people. Can you think of someone who inspires you?

Draw a picture of them and write around them why they inspire you.
