Tarka class learning

This week we have learnt about 3D shapes. Year 1 have enjoyed spotting 3D shapes around school and sorting real-life objects into 3D shapes. Year 2 have recorded the properties of 3D shapes (faces, edges, vertices). Year 2 have learnt what symmetry is and identified which 2D shapes have a line of symmetry.

In English, we identified adjectives and past tense verbs in our recount text. The children practised using adjectives and past tense verbs in sentences.

We finished off our History learning and discussed whether we thought Sir Richard Grenville was a local hero or a local villain. Year 2 enjoyed creating a fact page about Sir Richard Grenville. In science, year 1 labelled the human body and started learning about their senses. They will continue this learning with Natalee in Forest School next half term. **Remember to send your child in with appropriate clothing and wellies every Tuesday.**

Reading:

Thank you to those of you who have logged your child's reading on Boom Reader and for all your reading support at home. We check Boom Reader every Friday morning, about 10:30, to see who has read 5 times that week (Friday to Friday). Don't forget that if your child reads **five times** per week they will earn a sticker for their reading folder.

Home Learning Task:

Please use the template provided (in reading folder) to draw pictures/add photos of an activity/day out that you have in half term. We will use your plan to write a recount on our first day back after half term.

We're on the lookout for some Autumn treasures to use in our small world area. If you spot any conkers, acorns, fir cones etc during half term please could you collect a few for us to use. Thank you!
