Lundy home learning - 19.12.25

This week, we finished writing our own pages for *How to be a Superhero or Evil Villain*. In maths, we have been working out how to find missing angles in a range of shapes. In DT, we made and evaluated either mango or chilli chutney! The children did really well with this, and enjoyed tasting it with cheese and crackers. On Thursday, we had our Christmas carol concert. The year 6s worked hard to learn their lines and practised speaking clearly and confidently in front of an audience, and all of KS2 have really impressed us with their beautiful singing!

Homework

There is no 'official' homework for the Christmas holidays - please enjoy the rest, spend time playing with your families and get into the Christmas spirit!

TT Rockstars

Please keep practising as much as you can. A new competition is coming soon...

Reading reminder

Our whole school expectation is that parents support their child to practising reading at home five times per week. This could be 5-10 minutes of reading, five times across the week. These reads can be logged on the Boom Reader app or website. Thank you for your support.

Spring term homework

In the new term, year 6 children will be given one piece of maths or English homework every week. They will need to give this in on Thursdays. If they forget it, they can bring it on the Friday. If they do not complete this, the expectation will be for them to complete it on Friday lunchtime. The activities will consolidate one skill that they have learned that week. They should be able to complete the simple activity independently and in a short amount of time - this mimics what they will be given for all subjects in September, and is part of becoming 'secondary ready'. The task will be explained each week, but if your child particularly struggles with an activity, please do let me know.
