

Executive Head Teacher: Melanie Smallwood  
Head of School: Karen Lintin

### Lundy home learning

We have been developing our use of sentence starters in English to allow us to write different types of sentences and make our writing more interesting. In maths, the children have been working with 7 figure numbers and numbers with 2 decimal places. We have carried out a short experiment in science to find out about how exercise and recovery affect our heart rate. We have also been discovering the legacy of Ancient Greece on today's world.

**Y5 and Y6 please come into school in your PE kit on Monday next week.**

### Y5 & 6 Home Learning

#### Reading

We expect you to read at least 5 minutes every day - you can read to an adult (as it's always good to read aloud to practise your expression), or talk to your adult about what you have read.

#### Topic Work

**Carry out research to find out more information about a legacy of Ancient Greece and think about how it has impacted on today's world.**

#### Y5 and Y6

**Revise your 7 times table, especially focusing on related division facts e.g. how many 7's in 49? etc**
