Head of School: Karen Lintin

Exmoor Home Learning - 6.2.26

This week the children, have written some fantastic independent pieces of writing all about their chosen superpower using all the skills we have learned during the sequence. In maths, we have been applying our knowledge of formal written methods to solve multiplication and division problems. In geography we have learned about the lines of latitude and longitude and the prime meridian. During PE, the children choreographed the next part of their dance routine.

Class notices

Forest School is every Wednesday and PE is every Thursday.

Our non-school uniform day for earning 500 merits will be on Friday 13th February.

Home learning:

Reading

Continue to read and log your reads on Boomreader! The whole school expectation is that parents support their child to practising reading at home five times per week. This could be 5-10 minutes of reading, five times across the week. Thank you for your support.

Internet Safety

Design your own Internet safety superhero, think about what powers they would have, what costume they would wear and how they would help people with internet safety.
