Saunton home learning - 12/6/25

This week in English we have explored our new text called 'Ask Dr Kingfisher'. In maths, we have started our learning on multiplication, and we have been learning to use grid method. In topic, we have been pretending to be stone age people and sharing messages through pictures, and in science we have learnt about the different types of rocks by making them with chocolate!

Home learning

This week we have celebrated world ocean day and for homework I would like you to pick an endangered ocean animal and create a poster or fact file about this animal.

Times tables

Please continue to practice all of your timetables on times table rockstars

Reading

We expect everyone to be reading at least five times a week. Please see the front of your home learning book for the expectations.
