Tarka class learning

We had a great day out in Appledore on Monday! The children learnt interesting facts about pirates, ships and Sir Richard Grenville in the museum. They enjoyed sketching the landscape overlooking the estuary towards Instow. We told Christine all about our learning and recounted our day out using time connectives (first, next, finally). Tarka class have been so engaged in our provision activities themed around pirates and ships.

In computing, the year 2s helped the year 1s log onto the laptops and they enjoyed working together to practise their mouse skills.

Thank you to Phoebe C for bringing in a swallows nest to show the class! It is in our curiosity cube for the children to observe and ask questions about.

Reading:

Thank you to those of you who have logged your child's reading on Boom Reader 😊 The whole school expectation is that parents support their child to practising reading at home **five times per week**. This could be 5-10 minutes of reading, five times across the week. Thank you for your support.

Home Learning Task:

The children have enjoyed playing some interactive maths games this week. We thought they might like to play a couple of these games at home. With an adult helping, please click on these links to find the on-line games.
