Head of School: Karen Lintin

Exmoor Home Learning - 26.6.26

The children have coped amazingly well throughout the heatwave and have still done some brilliant learning. They have created their own books about a topic of their choosing, which they have thoroughly enjoyed. In maths, we've looked at using column addition and subtraction to solve problems involving decimal numbers.

Class notices

Sports Day is on a Thursday, please wear your PE kit.

Home learning:

After an assembly thinking about World Cup heroes, Mrs James shared some exciting news with the school. Thanks to the Appledore Book Festival Schools Week, Matt Oldfield, one of the authors of the *Ultimate Football Heroes* series will be visiting our school in September 2026! Below is a link to his [website](#) and a selection of other football themed books, you might enjoy.

For your home learning pick your own world cup hero and research them they can be a footballer from the past or present, male or female. Find at least five facts about them to share with us.

Reading

The whole school expectation is that parents support their child to practising reading at home at least 4 times per week. This could be 5-10 minutes of reading, five times across the week. Thank you for your support.

Times tables

Continue practising your times tabled as they will really help with our fraction work.
