Head of School: Karen Lintin

### **Lundy home learning - 17.10.25**

This week, a group of children from our class went to the Steven Shield event at Great Torrington School. Well done for trying so hard! They really enjoyed our science day on Tuesday and learned some amazing facts that have really inspired them. In English, we have been planning our own stories and practising using dialogue to move our story on. In maths, we have been finding percentages of amounts. In history, we have learned about our area's pirate history!

### **Home learning**

Following the wonderful science day, your homework is to use your own science skills. Follow the link below to the Marvin and Milo website, then pick and have a go at one of the experiments at home. I can't wait to hear what you find out!

### **Reading**

This week, please log on to Boom Reader - we have around half our class now regularly accessing the app, which is fantastic! The whole school expectation is that parents support their child to practising reading at home five times per week. This could be 5-10 minutes of reading, five times across the week. Thank you for your support.
