Saunton home learning - 20.3.26

This week in English we have been exploring our new text 'the day the crayons quit'. In maths, we have been applying our knowledge of decimal numbers to solving problems with different units of measure. In science we have been learning how and why shadows are formed. In art, we have been exploring tints and shades and practising using paint brushes accurately.

Home learning

Reading

Hopefully, all children have now given you their homework login booklets, with their Boom Reader details inside. It has been lovely to see that some children are already customising their avatars and are logging their reading! The whole school expectation is that parents support their child to practising reading at home at least 4 times per week. This could be 5-10 minutes of reading, five times across the week. Thank you for your support.

Time tables

The year 4 times table screening is fast approaching so please make sure you are getting your practice in using the website below, that is similar to the times table test, alongside times table rockstars.

[Multiplication Tables Check - 2025 - Timestables.co.uk](http://www.Timestables.co.uk)

Please make sure you are practicing your timetables on times table rockstars for at least 5 minutes a day.
