## Exmoor Home Learning - 28.11.2025

We have had a great week solving word problems associated with capacity, length and mass, the children have used their understanding of column addition and subtraction to help them. In art, we did some rubbings of natural textures, then had ago at recreating them in our sketchbooks. In computing, we have been designing what information we are going to include on our webpage.

### Home learning:

#### **English**

In preparation for our independent piece of writing, research and invention that interests you so you have a good understanding of the parts and how it works.

#### **TT Rockstars**

Keep practising and taking part in the competition.

#### **Reading reminder**

Our whole school expectation is that parents support their child to practising reading at home five times per week. This could be 5-10 minutes of reading, five times across the week. These reads can be logged on the Boom Reader app or website. Thank you for your support.
