Head of School: Karen Lintin

Exmoor Home Learning - 19.9.2025

We have had a good week, writing our INNOVATED poems for English and planning for our INVENTED poems. In maths, we have worked hard on rounding and multiply/dividing by 10, 100 and 1000. In science, we recreated the circulatory system, exploring how oxygenated and deoxygenated blood is transported through the body.

Class notices

Our PE day is Thursday, please come into school wearing your PE kit.

Home learning:

Reading

Today, your child will have brought home a letter and pupil login for Boom Reader. Please follow [Parents | BoomReader](#) to download the app. Use the pupil login information on your letter to link to your child. This will replace home learning books and be the platform for parents to log their child's reading from now on. The whole school expectation is that parents support their child to practising reading at home five times per week. This could be 5-10 minutes of reading, five times across the week. Thank you for your support.

Library

To ensure our book areas are being looked after and enjoyed, the pupils will have chance to take on the role of a school librarian. For your home learning, have a go at designing a badge suitable for a librarian. Please draw your design on A5 paper and write your name, year group and class on the back of your design. There will be a prize for the winning design!
