Head of School: Karen Lintin

## Barum class learning

This week the children designed their cushion for DT. They drew and labelled the colours, fabric and planned the motif that they would like to add to the cushion.

Thank you to everyone for your book swap contributions for World Book Day. The children looked amazing in their costumes and pyjamas, and we had fun taking part in book and

In Maths, we have been drawing and making arrays to represent multiplication, we have learnt the relationship between repeated addition and multiplication and have identified that the multiplication of 2/3 numbers can be done in any order and still equal the same amount.

This week in Art, we have talked about which colours match different emotions and have explored tinting a colour using white paint and toning a colour using black paint.

**PE** will now be on **Thursdays** for this half term. Please can the children wear their PE kit to school on **Thursdays**.

## Home learning:

For our DT project we would like each child to bring in a square of fabric that measures 40x20cm. The children will be making a 20 x 20cm cushion, they already have a plan so should be able to tell you their colour choice for the fabric. Please can the children bring this into school by Friday 13<sup>th</sup> March.

Any donations of needles and threads would be greatly appreciated.

To support our multiplication and division unit in Maths, please practise counting in 2's, 3's, 5's and 10's in addition Year 3 also need to count in 4's and 8's.

## Reading:

The expectation is children read 5 times a week, this does not have to be just the guided reading text, it is also okay to read your own books from home and record this on Boom Reader.
