Head of School: Karen Lintin

Barum class learning

This week in English, we have written some fantastic noun phrases to describe animals and have learnt to use subordinating and co-ordinating conjunctions to join clauses and sentences to add more information to our writing.

In Maths, we have been adding coins using one-, two- and three-digit numbers and comparing amounts of money in pounds and pence.

In Geography, we explored the human and physical geography of Exeter using google Earth and compared it to our local area.

This week in Barum class we enjoyed learning about some Spanish traditions and language. We learnt to say; hello, good morning, good afternoon, and how to ask and answer, how are you.

Reading: Thank you for all your reading support at home. Don't forget that if your child reads five times per week, they will earn a sticker for their reading folder.

Home Learning Task: Towards the end of next week, we will start our independent writing in English. To help prepare for this please make a spider diagram with some interesting facts about an animal that you would like to write about.
