Tarka class learning

In English, the children have been creating noun phrases, using adjectives to describe nouns. The year 2s have also been using commas to separate the adjectives in their noun phrases.

In maths, year 2s have been measuring and recording mass, volume and capacity and temperature using standard measures. Year 1s have been counting to 100, representing numbers using base ten and using their understanding of place value to compare and order numbers.

In computing this week, the year 1 children have started planning a space race project which they will program using Scratch Jr next week. The year 2 children have also been using Scratch Jr and worked with a partner to plan and program a short quiz. In PE the children have been practising their jumping skills and seeing if they can improve on the distance or height they can jump.

In our provision activities, the children have been using stickle bricks to build models that are taller than 15cm tall but shorter than 20cm. In the creative area, they have enjoyed making their own 'dark' character and night-time collages inspired by our class text 'Orion and the Dark'.

Home Learning Task:

Year 1: practice ordering numbers up to 100 [Coconut Ordering - Comparing Numbers, Prices, Mass, Length and Capacity](#)

Year 2: Have a go at order mass (up to 100g or 1000g) and/or capacity (up to 100ml or 1000ml) [Coconut Ordering - Comparing Numbers, Prices, Mass, Length and Capacity](#)

Please keep up all your fantastic reading!
