Head of School: Karen Lintin

Tarka home learning

We have had a lovely first week of summer term!

In English, we began a new sequence on the book *Dear Mother Goose* by Michael Rosen and Nick Sharratt. We loved reading all of the letters inside from classic nursery rhyme characters. We then learnt about what needs to be included in a letter and how this should be set out.

In Maths, we have recapped our knowledge of number bonds to 10 and how this can help us solve number bonds to 20. We have also begun to revisit addition and subtraction within 20.

Our topic for this term is 'We are the Champions', we have designed new topic book covers for this. In DT we looked at what makes a healthy diet and the types of foods we need to eat. In Geography we explored the countries that make up the United Kingdom and their capital cities.

PE remains on a **Monday**.

Phonics sounds

Our focus for this week was different spelling of the same sound **ew/ue/u-e/oo** (as in chew, true, rude and moon). We have also been practicing reading alien words.

Home learning

For our geography topic, please can you choose one of the countries from the United Kingdom and research some interesting facts about it.

Reading

We expect everyone to be reading for a least five minutes a day.
