Tarka class learning

We recapped what History is and discussed our enquiry question *Was Sir Richard Grenville a local hero or a local villain?* The children used the objects in our curiosity cube and our enquiry questions to generate their own questions to find the answers to.

In English, year 1 learnt what a noun is, identified nouns in the classroom and labelled them. They then had a go at writing a sentence using their noun. Year 2 revised nouns and learnt what a verb is. We moved around the classroom acting out verbs and chose a new verb for our shared write. Year 2 generated new rhyming pairs and as a class, we changed the story of **Oi Frog!** to **Oi Rat!** We started our computing this week. The year 1s discussed the question 'What is technology?' and the yr2s were thinking about the features and uses of information technology.

Reading:

Today, your child will have bought home a letter and pupil login for Boom Reader. Please follow Parents | BoomReader to download the app. Use the pupil login information on your letter to link to your child. This will replace home learning books and be the platform for parents to log their child's reading from now on. The whole school expectation is that parents support their child to practising reading at home **five times per week**. This could be 5-10 minutes of reading, five times across the week. Thank you for your support.

Home Learning Task:

To ensure our book areas are being looked after and enjoyed, the pupils will have chance to take on the role of a school librarian. For your home learning, have a go at designing a badge suitable for a librarian. Please draw your design on A5 paper and write your name, year group and class on the back of your design. There will be a prize for the winning design!
