

Executive Head Teacher: Melanie Smallwood  
Head of School: Karen Lintin

## Lundy Class

This week in English, we have been investigating when to use direct speech in story writing, as well as creating cohesion between paragraphs. Our maths lessons this week focused on finding the volume and interpreting graphs to answer questions. In science, we have planned some state of matter investigations and have been finding out about how much salt can dissolve in 200ml of water. We have been painting on fabric with brusho to create our landscapes.

## Y5 Home Learning

### Reading

We expect you to read at least 5 minutes every day - you can read to an adult (as it's always good to read aloud to practise your expression) or talk to your adult about what you have read.

### Science Learning

Take 2 ice cubes out of the freezer at the same time. Put salt on one and nothing on the other. What do you notice? Think of other things you can put on ice cubes - try it and find out what happens.

## Y6 Home Learning

### Reading

We expect you to read at least 5 minutes every day - **your SATs reading will count as 1 of your weekly reads so please record it in your home learning book.**

### Complete the following pages of your SATs books:

English Reading - pages 54,55 and 56

Maths SATs Questions - 33, 36, 82 and 83

Arithmetic - page 7 and 14

**Keep going Y6! You are doing so well and are making lots of progress - great effort.**

**Please bring in your SATs books on Wednesday ready for Thursday. If you need any help with it, I am available any lunchtime.**
