

Executive Head Teacher: Melanie Smallwood

Head of School: Karen Lintin

Exmoor home learning

This week in English we have been writing our shared piece of work all about surviving in the Himalayas. In maths, we have started our new topic focused on place value. In PE, we have learnt how to pass the rugby ball effectively. We have also celebrated world book day.

Home Learning

Your home learning this week is to research an environment that you would like to write a survival guide for in English. You need to be an expert in this environment to write about it. If you don't research your own environment one will be allocated. You will need to research the following:

- What will you need to pack to travel there and why?
- What you will eat?
- Where will you shelter?
- What do you need for a shelter?
- What dangers might you face?
- What creatures might be there?

Reading

We expect everyone to be reading for at least five minutes a day and record this in their yellow reading journals.

Times Table Rock Stars

Keep practising your times tables on Times Table Rock Stars so that you are ready for our competition!

PE

Our PE day is Wednesday until further notice.
