

Executive Head Teacher: Melanie Smallwood

Head of School: Karen Lintin

Barum class learning

We have had a fantastic first week back to school. The children have been excited to see their friends and have settled back well, adapting to new routines, enjoying exploring the classroom and playing with friends. We have been talking about our classroom routines and expectations for learning and behaviour both in class and around the school. Together the children have thought of some great statements for our class agreement and thought about how they will help us be ready, respectful and safe. We read stories about new starts and friendships and had lots of discussions about our returning to school feelings.

In Science year 3 are learning about 'States of Matter'. We have explored what matter is and the three different types of matter; solids, liquids and gases.

The year 2s explored the new layout of Forest School and recapped rules and routines with Natalee.

In maths, we have enjoyed playing some place value games to re-cap using the place value chart to help us write two- and three-digit numbers.

A couple of reminders: PE is every Friday morning. Please come to school in your PE kit.

Yr 2's - forest school every Monday afternoon this half term.

Yr 3's - forest school every Wednesday afternoon this half term.

Home Learning:

Share a favourite story with someone at home. Create a picture to show your favourite part of the story and write some sentences to explain why it's your favourite story. Please bring your picture into school to share with the class.

Please record reading in the reading record books. Year 3 can record a whole week in one box, but if you need more space for a comment using another box is fine. We would just like to see dates showing that the children have read at least 5 times in a week.
