Barum home learning – 6/11/2026

This week in English we been explore our new class instruction text called Outdoor Wonderland: The Kids' Guide to Being Outside by Josie Jeffery.

In maths we have continued to work on our addition strategies and identifying the most efficient method when adding.

Y2- Our Great Fire of London workshop brought to life the key knowledge and facts of this topic in an interactive way. We have used this new knowledge

Y3- in Science we reviewed previous learning by identifying seasonal weather patterns in the UK and linked the patterns to each of the seasons.

P.E day change for next week:

P.E will remain on Fridays this term except for next week. It will be on Thursday afternoon due to Children in need on Friday.

Home learning

To support their understanding of precise language and organisation features used in non-fiction texts, find a set of instructions and complete the task. E.g a recipe, a Lego model, origami and identify how the author ensures the instructions are clearly organised, identify the verbs used and the punctuation used. We will discuss this in English next week.

Reading

The whole school expectation is that parents support their child to practising reading at home at least 5 times per week. This could be 5-10 minutes of reading, five times across the week. Thank you for your support.

Please make sure you bring your reading record book into school on a Monday to be counted.
