Saunton home learning - 12/6/25

This week in English we have writing our own letters inspired by 'Ask Dr Kingfisher'. In maths, have been using division to work out fractions of amounts. In topic, we have been learnt about the day in the life of a stone age child, and in science we have learnt how fossil are formed. The children also had a fantastic time at Kents Cavern and were able to explore real prehistoric caves.

Home learning

This week we have experienced a real prehistoric cave and learnt more about stone age life and the dangers the people may have faced. For homework we would like you to research a prehistoric creature and create a fact file about it. Below is a website you can use:

[The 6 Stone Age Animals KS2 Students Need to Know](#)

Times tables

Please continue to practice all of your timetables on times table rockstars

Reading

We expect everyone to be reading at least five times a week. Please see the front of your home learning book for the expectations.
