

Home Learning - Friday 9th October

This week we have continued our theme of Harvest, we have ...

- Learnt our first sounds s a t p, practised writing and segmented and blended words using them.
- Had great fun buying and selling vegetables and fruit in our role-play market.
- Explored printing with fruits and vegetables and observed the patterns and shapes they create.
- Played a mystery fruit/vegetable game and used lots of words to describe the colour, shape, smell, taste, texture and size.
- Learnt about the numbers, 1,2,3,4,5 and have practised matching, counting, ordering and representing these numbers in different ways.
- Looked carefully at the colour, shape and size of fruits and vegetables and have drawn them using pastels.
- Planted lots of lovely Spring bulbs during our outdoor learning session, we can't wait to watch them grow.
- Enjoyed our first PE lesson in the hall, we learnt to find a space, stop and listen to instructions and have fun playing parachute games.

Notes/Reminders:

Don't forget to wear your PE kit on Tuesday.

Parents Meeting - We will be holding ten-minute parent meetings W/C 19th October, there is a sign-up sheet in class please speak to a member of staff if you would like an appointment to discuss how your child has settled this half term.

What's in the Box - This week we started our 'What's in The Box' speaking and listening project. The children will take it in turns to take home the 'Box', they should put an object inside that they are able to talk about, at home please prepare three clues and write them in the book that comes with the box. During snack time the children will give clues for the rest of the class to guess what is hiding inside the box

Head Lice - Thank you so much to everyone who took the time to check their child's hair for headlice last week, please remember to keep checking!

Home Learning Task:

This week the children have learnt the letter sounds: s a t p. Please practise writing these letters, starting in the correct place. You could do this practically using a stick in sand, a tray of rice/lentils, in shaving foam in the bath or have a go at writing them in your new blue home learning book. Go on a hunt around your home and see if you can find objects beginning with each of the sounds.

Next week we will be learning about Autumn. Your child has been given an Autumn Treasure Bag - Please fill this bag with lots of Autumn treasures that you have collected. This could be from a park, woods, or local walk. You could include colourful leaves, conkers, acorns, hazel nuts, sticks and anything else relating to Autumn. Please return to school for us to explore and investigate.

Many thanks for your help and support, see you next week.

Mrs Clark, Mrs Paul, Cheryl and Bara.
