Head of School: Karen Lintin

Lundy home learning - 25.09.26

We have had a lovely week in Lundy Class. On Wednesday, we visited the Planetary Lab in Green Lanes, which everyone thoroughly enjoyed! Particular favourites were: exploring space and the ocean through VR; investigating gravity with cars; learning about other planets; and making spectrograms, which we got to take home. Our class were beautifully behaved and we were really proud of how they represented our school. There are lots of lovely photos on our new class blog. We also performed poetry and songs at the church for harvest this week.

In English, we have been learning how to use punctuation to add extra information (parenthesis) and to expand our nouns with prepositional phrases. In maths, we are coming to the end of our number sense unit, and have been exploring conversions of measures.

Homework

This week, please complete the printed conversions sheet. You can choose which side is right for you 😊 please put your homework in the box by Friday 25th September.

Times Tables

Please practise your 4x table. You could use:

- TT Rockstars (there is a competition with Y4!)
- Online games e.g. [Times Tables Games for 7 to 11 year olds](#)

Reading reminder

Our whole school expectation is that parents support their child to practising reading at home five times per week. This could be 5-10 minutes of reading, five times across the week. These reads can be logged in their reading journals - please bring these in on a Friday.

PE day

Our PE day is Friday.
