Tarka class learning

In maths, the year 2 children have been partitioning numbers in different ways using a part-part-whole model. They have also been using rulers to measure centimeters and comparing and ordering length and height. Year 1 children have been exploring numbers beyond 20 and using maths equipment to partition numbers into tens and ones. They have also been comparing length and height and using non-standard units to measure.

In English, the children have been using the class shared story map to write a letter to Mother Goose. The year 1s have been focusing on writing a sentence with a capital letter at the start and a full stop or question mark at the end. Year 2s have been making sure they use capital letters for names of people and places and the personal pronoun 'I'.

In art we have been talking about primary and secondary colours and next week the year 1 children will be investigating making secondary colours and the year 2s will be investigating tinting primary colours. In PE, the year 1s have been bouncing and catching balls and the year 2s have been practising their throwing and catching skills.

Home learning:

Which of the four countries of the UK have you visited? How did you travel there? What did you see? Did you see any famous landmarks like Stonehenge? We would love to see photos or souvenirs from these places. Yr2s - write a few sentences about your visit.

Please could you look out for any conkers or conker shells when you are out and about this weekend and collect them for Tarka class. We would like to use them in our creative area over the next two weeks. Thank you!

Year 2s - practise spelling because, would, should, could

Year1s - practise spelling they, was, all
