

Executive Head Teacher: Melanie Smallwood

Head of School: Karen Lintin

Barum class learning

This week in Maths we learnt to round 2 and 3-digit numbers to the nearest 10. We learned the rhyme, '5 or more goes up for sure, 4 or less goes down to the floor', to help us know if we needed to round the number up or down. Our next unit is Additive reasoning.

In History, we finished our timelines and fact files about Sir Richard Greville, we enjoyed learning the facts by quizzing each other.

Information: Next term our PE day is Friday, so can all children please come to school dressed in PE kit on Fridays. There will be no forest school next term for year 2 or 3, so the children will need to wear their school uniform every day except on Fridays.

Reading:

Thank you to those of you who have logged your child's reading on Boom Reader. If you have logged 5 reads this week, your child has received a class merit and sticker 😊 The whole school expectation is that parents support their child to practising reading at home **five times per week**. This could be 5-10 minutes of reading, five times across the week. Thank you for your support. Please follow [Parents | BoomReader](#) to download the app.

Home Learning:

To support our learning of rounding numbers to the nearest 10 have a go at this game: [Rocket Rounding](#).

Please try keep up the super reading, but most of all have a lovely restful half term and enjoy spending time with your friends and family.
