Head of School: Karen Lintin

Tarka class learning

The children demonstrated their learning from our *I Love Bugs* sequence this week, by writing their own poems titled *I Love Pets*. We are really proud of how much their writing has improved; we hope they are too!

We learnt about the equator and identified hot and cold parts of the world, using a globe and a world map. The children enjoyed this [song](#) to help them to name the 7 continents.

In PE, we tried performing star jumps, tuck jumps and straight jumps. We are working towards creating a sequence of our gymnastics movements.

Home Learning

In our maths learning, we have explored money. We've been working on recognising the coins, from 1p to £2, and understanding their value.

For home learning, **please play with coins at home**. You could **sort the coins** into colours, discuss **how much each coin is worth** and see if your child can **order them from smallest to largest value**. You might want to set up a shop using items from your kitchen and add price tags, can your child find the correct coins to pay for the items?

Reading

Well done to those of you who managed to read 5 times this week! Remember, you can read your guided reading book or a book of your choice. If you are sharing a text (book/magazine/leaflet/poster/recipe/poem) and reading with an adult for 5 minutes or more, this counts as one of your 5 reads!
