Tarka class learning

The children have had lots of fun taking part in Pudsey related activities today. They have been on a Pudsey Bear hunt, made Pudsey masks, taken part in outdoor activities and have eaten some cake. Thank you to everyone for helping to raise lots of money for Children in Need.

This week the children have been thinking about Remembrance Day and have been creating collage poppies, making poppies using loose parts and writing poppy facts.

In English the children have been talking about the purpose and features of the class non-fiction text 'Playing with Friends'. They have been investiagting past and present tense verbs and sorting sentences into past and present. Everyone has thought of a sentence about themselves in each tense. In maths this week, the year 1 children have been investigating and re-calling addition bonds with 10 and the year 2s have been thinking about how knowing number bonds to 10 can help know number bonds to 20.

We have been experimenting different ways to shade using a sketching pencil using techniques such as hatching and cross hatching and we started to learn our first song for the Christmas Nativity play.

Home learning:
Discuss with a family member what playing with friends was like when they were children. What did they play with? What was their favourite game? How is the way they played different to the way children play today? There's no need to write anything down but see if you can remember something from your conversation to share with the class next week.

The children enjoyed playing this game this week. You may want to play it at home with an adult.
