Tarka class learning

This week we shared news about our half-term holiday and wrote a recount using the plans the children did as home learning.

We used positional and directional language in maths. The year 1 children selected the correct preposition to describe where the 2D shapes were. Year 2 used mathematical language to direct their partner to a specific point on the playground. We all programmed Bee Bots and used the language of left and right, forwards and backwards when inputting directions.

The children loved making a hedgehog out of clay this week! They learnt and wrote facts about hedgehogs. We learnt the history of Guy Fawkes and the Gunpowder plot, and we discussed firework safety and wrote instructions. In art, we started painting our Landscape sketches of Codden Hill and in PE we all enjoyed thinking of interesting ways to move with a scarf.

Reading:

Thank you for all your reading support at home. We check Boom Reader every Friday morning, about 10:30, to see who has read 5 times that week (Friday to Friday). Don't forget that if your child reads **five times** per week they will earn a sticker for their reading folder.

Home Learning Task: create a poppy for a remembrance display. You could paint, draw, collage, sew or crochet a poppy! Be as creative as you like!
