## Barum class learning

Thank you for bringing in the material for our DT project. The children enjoyed practising a running stitch this week. We will be starting our cushions on Monday 16th March. If you have not yet sent in material, please do so.

In Maths, we have continued to practise multiplication, solving word problems and playing multiplication games. Year 3 have been learning to use grid method to solve 2-digit x 1-digit calculations.

In English we enjoyed making some different slimes from our slime instructions book. We finished our final write; independently writing up a set of instructions to make one of the slimes we made in class.

PE will now be on **Thursdays** for this half term. Please can the children wear their PE kit to school on **Thursdays**.

## Home learning:

To support our multiplication and division unit in Maths, please practise counting in 2's, 3's, 5's and 10's in addition Year 3 also need to count in 4's and 8's.

Have a go at these multiplication games:

[Duck Shoot - tablet friendly](#)

[Times Tables Truckers- bar model multiplication and division](#)

[Mental Maths Train - A Four Operations Game](#)

## Reading:

The expectation is children read 5 times a week, this does not have to be just the guided reading text, it is also okay to read your own books from home and record this on Boom Reader.
