

Executive Head Teacher: Melanie Smallwood

Head of School: Karen Lintin

### **Lundy home learning**

The Y6 children have been preparing for their SATs by having a 'mock' SATs week - I am very impressed by their brilliant effort. Next week will be fun-filled and exciting as we go on our residential. Y5 children have been working on statistics - focusing on different types of graphs and learning to interpret the information they show. In English, all of the children have been enjoying our new text - 'The Shadow Cage' by Philippa Pearce. They have created freeze frames to delve more deeply into characters actions and then written diaries in character. Also, they have investigated how the author uses semi-colons and colons, as well as how she builds tension and suspense.

**Y5 PE will be on Thursday just for next week so please wear your PE kit on this day.**

### **Y5 Home Learning**

#### **Reading**

We expect you to read at least 5 minutes every day - you can read to an adult (as it's always good to read aloud to practise your expression), or talk to your adult about what you have read.

#### **Maths**

**Continue to learn/revise your 7, 8 and 9 times tables and link to division facts**  
**e.g.  $7 \times 8 = 56$      $56 \div 7 = 8$ .**

#### **Earth Day - Monday 24<sup>th</sup> April**

Explore the Earth Day website and have a go at the quizzes about plastic use - this will help you understand about how we all need to try to change how we use plastic.

Your homework is to do something to look after our world - this could be to think about and find a way to cut back on plastic use in your home. Or have a sort out and recycle anything you don't need. Or do a beach clean... Be ready to share what you have changed to help our planet.
