Head of School: Karen Lintin

Exmoor home learning

This week, we have been completing our writing on cheetahs. In maths, we have continued to explore equivalent fractions and year 5 have been recognising improper fractions and converting them to mixed number fractions. In history, we have been looking at Greek inventions and the impact they have had on the modern world. Finally, in art we have been creating our own collages inspired by different Olympic events.

Reading

We expect everyone to be reading for at least five minutes a day and record this in their yellow reading journals.

Times table rockstars

Keep practicing your times tables on times table rock stars so that you are ready when we start having competitions between classes!

Home Learning

Create your own piece of artwork inspired by the Euro's, like we have done with our Olympic artwork in class. You can use any style and resources you wish, for example you could paint it, colour it or have a go at collaging at home.
