### **Saunton home learning - 18/9/2026**

This week in English we have been learning to use speech marks correctly and to develop simple clauses. In maths, we have been learning to order, sequence and estimate with numbers beyond a 1000. In science, we have been learning about different states of matter and exploring and classifying different materials and in geography we have been learning how the countries in Europe changed after the first world war.

#### **Home learning**

Please complete the mymaths homework I have set you.

#### **Reading**

The whole school expectation is that parents support their child to practising reading at home at least 5 times per week. This could be 5-10 minutes of reading, five times across the week. Thank you for your support.

#### **Time tables**

Please use your times table rockstar login and have a go at using it to help practise your times tables.

#### **Class notices**

No PE on Thursday 24<sup>th</sup> of September due to the harvest festival.
