

Executive Head Teacher: Melanie Smallwood

Head of School: Karen Lintin

Lundy Class

This week the children have been writing instructions for an activity/ product of their choice - using their skills and adding as many features as they can. In maths, we have been rounding decimals, and reasoning with this skill. We have begun a science unit about evolution and inheritance - we played real life 'Guess Who' to think about characteristics. In art, we have been having a go at creating a tile for printing, as well as learning about the process of printing.

Y5 and Y6 Home Learning

Reading

We expect you to read at least 5 minutes every day - you can read to an adult (as it's always good to read aloud to practise your expression) or talk to your adult about what you have read.

Topic

Find out about an animal that lived during the 'Stone-Age', but is now extinct.

Maths

Practise your 6 x table for a test next week.
