Tarka class learning

Tarka class had a great time at the year 6 charity fundraiser on Monday afternoon. They helped and encouraged each other with the games and activities and raised lots of money for Amigos. Thank you for all your contributions. They also enjoyed watching the year 6 leavers play on Tuesday afternoon and were an excellent audience!

In maths this week the children have revisited addition. The year 1s have been finding addition and related subtraction facts and the Year 2s have been working on strategies for adding two 2-digit numbers. In English, the children wrote letters to Rosemoor thanking them for our lovely visit.

In science both year groups have been reviewing and revisiting their learning about animals including humans. In computing, the Year 1s completed and shared their space race animations with their year 2 friends and the year 2s used chrome music lab to create music with shapes and colours.

The children completed their carnival headdresses and had fun testing the functionality of their product in a carnival parade around the trim trail!

Home Learning Task:

There is no specific home learning this week but please keep reading next week and throughout the summer holidays. Thank you for all your support with reading throughout this year, it has such a positive impact on the children's learning. Thank you also for your time and effort supporting the children with their home learning tasks. We have really enjoyed seeing and sharing their hard work. Thank you!
