

### **Tarka Class - Home learning week ending 10<sup>th</sup> March**

Tarka class have enjoyed changing our English text *How to Wash a Woolly Mammoth* into *How to Wash a Hairy Chimpanzee* this week! They have generated some funny ideas for the new set of instructions, ready to write the new version next week.

The children thought about friendship in PSHE, focussing on what makes a good friend and what we should do if we fall out with a friend. They even had a go at designing 'the perfect friend'.

In Design and Technology, we have been designing a moving toy. The children were very creative and thought about the materials and tools they would need to make their designs.

We have been learning to count in twos and tens, starting from zero. We have used our knowledge of counting in twos and tens to solve problems involving 2p and 10p coins.

**Home learning:** Please practice counting in twos and tens. Use the [splat square](#) to do this. Choose a colour and tap the numbers as you count. What patterns do you notice? To help with counting in twos, it might be helpful to count pairs of socks or shoes!

**Reading:** Please try to keep up your reading five times a week! Remember, it can be as little as 5 minutes a day 😊

Have a restful weekend!
